

BHAVYANG DIXIT

Full Stack Developer | C# · ASP.NET Core · Angular · SQL Server

 dixitbhavyang111@gmail.com  +91 6352771667  Gujarat, India  linkedin.com/in/bhavyang-dixit-8289a02a2

SUMMARY

Full Stack Developer with nearly 2 years of experience building production-grade web applications using ASP.NET Core, C#, Angular, and SQL Server. Experienced in Clean Architecture, RESTful API design, Entity Framework, and end-to-end feature development. Comfortable working across the stack — from database design and business logic to Angular UI integration. Strong grasp of fundamentals with a preference for understanding concepts from the ground up.

EXPERIENCE

Intern – .NET Developer <i>Buoyancy Software</i> - Assisted in developing web application modules using C# and ASP.NET Core under senior developer guidance. - Gained hands-on exposure to Angular for frontend development and SQL Server for database operations. - Supported bug fixing, testing, and debugging tasks while learning real-world development workflows.	01/2024 – 03/2024 Ahmedabad, India
.NET Developer <i>Buoyancy Software</i> - Built and maintained scalable web applications using ASP.NET Core, C#, Angular, and SQL Server in a production environment. - Developed RESTful APIs with proper request validation, error handling, and response contracts consumed by Angular frontends. - Implemented features end-to-end across Angular UI, backend business logic, and SQL Server database layers. - Optimized SQL queries and database structures, improving query performance and reducing unnecessary data load. - Applied Clean Architecture principles including dependency injection, separation of concerns, and layered project structure. - Used Entity Framework Core for ORM-based data access and managed database migrations across environments. - Participated in code reviews, debugging sessions, and requirement discussions; contributed to stable, maintainable solutions.	04/2024 – 11/2025 Ahmedabad, India

EDUCATION

Bachelor of Computer Application (BCA) <i>Bhakta Kavi Narsinh Mehta University</i>	2021 – 2024 Una, India
--	---------------------------

TECHNICAL SKILLS

Backend & Frameworks — C# ASP.NET Core ASP.NET MVC Entity Framework Core REST API Design
Frontend — Angular TypeScript JavaScript HTML5 CSS3 Reactive Forms
Database — SQL Server Stored Procedures Query Optimization Indexing
Architecture & Practices: — Clean Architecture MVC CRUD Dependency Injection Authentication & Authorization Swagger
